

The Echo 1968

THE ECHO

1968

Published by
The Annual Staff
Dubois High School
Dubois, Indiana

In the one story building, shown above, there are two glass doors through which we have passed many a time. As freshmen we had trouble opening these doors, but as seniors we go through them as though they are not there.

These two doors represent the 1968 yearbook. As freshmen we were doubtful of the possibility of our success. Now that we are seniors we are sorry that we passed through these years so quickly. This yearbook contains the treasures which we cherish highly.

Sincerely,

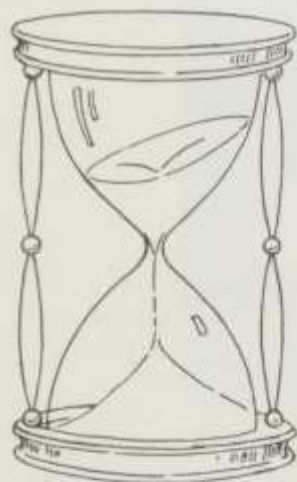

James Freyberger

Levi Nigg

DEDICATION

To the Junior, Sophomore, and Freshman class,
As to the future we look,
From the eighth grade to the first and past
We dedicate this book.

As you enter the doors of DHS
What else can we do but wish you the best?
What can we say that will ever express
Our envy for you as you face each test?

As we say our last "good-byes"
And breathe despairing sighs
While our cheeks are stained with tears,
We wonder what happened to the last four years.

And you will wonder too
As one year a senior you will be;
As you step into the world
You will wonder, is this me?

It's another goal along life's way
Be ready, plan now, you'll be there one day.
Be strong, go on, continue in school,
You'll find in your life, education's a tool.

The past is weak and full of wrong,
But you are the future, so make it strong.
You have the chance—we did too,
But in places we failed so it is up to you.

And now we, the members, of the '68 class
Dedicate this book to the future, not the past.

Youth! Youth! how buoyant are thy hopes!
they turn,

Like marigolds, toward the sunny side.

JEAN INGELOW

Class of 1968, as you leave the halls of
Dubois High School, we look to you—to
your unbridled eagerness, to your bound-
less energy, to your youthful optimism—
with God's help, to make the entire world
the sunny side.

Time Was...

When all folks...
city and rural, used the
Kerosene Lanterns.

Then along came Electricity
to brighten the homes of
the urban folks...

Then along came the REC,
locally owned and controlled,
to bring electricity and
modernization to the homes
of those beyond municipal
limits
