Ashlyn Moffatt and
Katrina Messmer

Connor Klem (11) embraced the new technology quickly and soon began to use the iPad for his studies and for marching band/winter percussion. "My drum instructor wouldn't give us our music until December so I used my iPad to look at the music early."

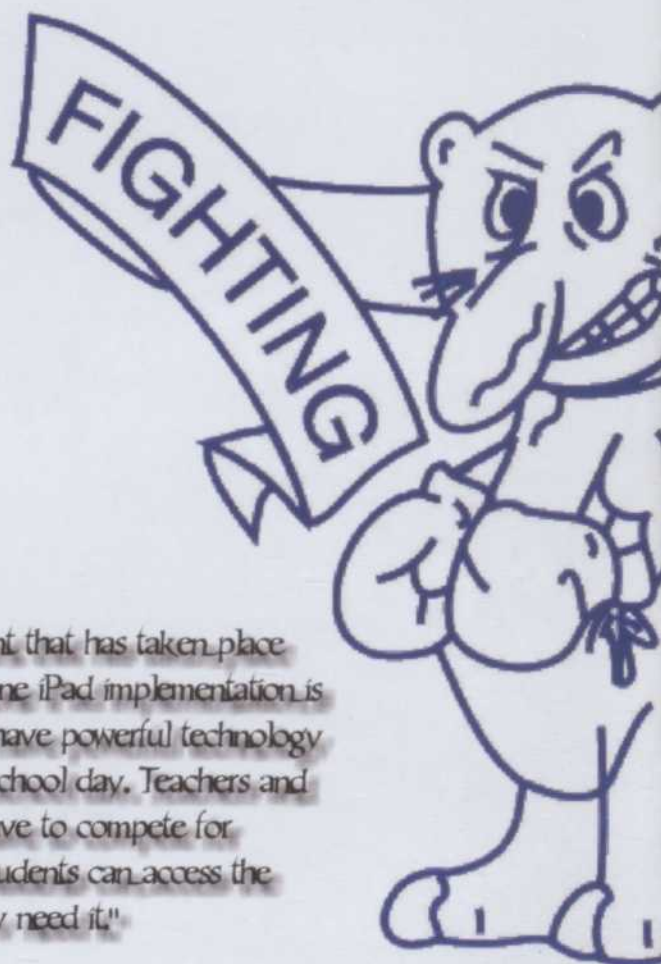

Noah Schepers (10) experimenting on his iPad, seeing if his tongue would work the same as his fingers. He found out that the tongue does not produce the same results.

Andrea Smock (12) sharing photos and information with her iPad. She said "The CNN app is my favorite. It's interesting looking at news."

iNew

"One big improvement that has taken place through our one to one iPad implementation is the fact that student have powerful technology at their fingertips all school day. Teachers and students no longer have to compete for computer labs, and students can access the technology when they need it."

-Mr. Gladish

"I think the iPad gives the student an access to educational technology information anyplace anytime. The iPads should increase educational learning opportunities as well!"
-Mrs. Goben

Mrs. Steckler feels the responses have been mixed but overall it's been well received. "Some of our teachers are using them in the classrooms and others are trying, which was expected since there is a learning curve."

Hannah Wehr (10) said, "I like how fast we are able to research information, but wish the school trusted us more and would unblock more websites that we could use."

Mason Land (9) says that "the iPads are especially efficient in the way that you can take notes and write papers without having to go to the library."

Evan Bauer (11) testing out the iPad right out the gate when school started. He has found many useful tips and apps to use in the classroom, particularly in Pre-Cal for one of his projects. It was an app that has all the functions of a graphing calculator.

Kateland Bailey (12) & Tyler Haas (12) shared the same feelings about their costumes, and that was that they love the gum drop buttons.

"My favorite part of the play was when Ugly Ogre Fiona came out in a dress that was a few sizes too small." -Talia Terwiske

Willie Canary who played Robin Hood was one of the favorite characters among the younger kids who watched. When he threw his coins, the kids went crazy and dove on the ground to pick them up.

teaching. Her favorite part about
teaching is "seeing all of the
beautiful artwork" around her
room. This was also her first year
as the Art Club Advisor and she
did a fantastic job leading the club
in activities such as the Chalk

The NDHS Band played during the prayer around the flagpole.

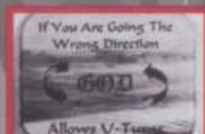

Ashlyn Moffatt (12) pleased the crowd by singing "Stay Amazed" during National Prayer Day.

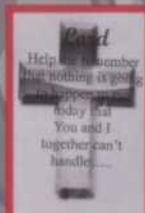

Talia Terwiske read a prayer while holding her candle at the prayer around the flagpole.

Bible Study

The NDHS bible study group handed out little papers all year long to hang on the lockers each week.

Good Morning!
This is God.

I will be handling
all of your problems today.
I will not need your help.
So, relax and have a great day!

Be strong and courageous. Do not be afraid or terrified because of them, for the LORD your God goes with you; he will never leave you nor forsake you.
Deuteronomy 31:6

Immediately he spoke to them and said, "Take courage! It is I. Don't be afraid!" Then he climbed into the boat with them, and the wind died down. They were completely amazed.
Mark 6:51

God is not unjust; he will not forget your work and the love you have shown him as you have helped his people and continue to help them.
Hebrews 6:10

Ashton Knies(11) claimed "I just don't feel complete each week without bible study."

Megan Wiltz came back from college to lead bible study. "I really missed hearing her optimistic words! She's a spiritual genius!"
- Jace Kahle(11)

Mrs. Tammy Schulthies felt praying with a candle was more effective. Nobody argued.

During the month of October the Community Leaders went on a retreat to get away from the cares of everyday life. They spent time at their cabin doing team building games and spending time hanging out in the hot tub.

This young group of girls promote a healthy lifestyle and have great outlooks on life. They strive to do their best to support their community and everyone around them. They will be some of our future leaders in our community. This is only the beginning.

We are the Family, Career, and Community Leaders of America.

We face the future with warm courage and high hope.

For we have the clear consciousness of seeking old and precious values.

For we are the builders of homes, Homes for America's future, Homes where living will be the expression of everything that is good and fair, Homes where truth and love and security and faith will be realities, not dreams.

We are the Family, Career and Community Leaders of America.

We face the future with warm courage and high hope.

STUDENT COUNCIL PRESIDENT CANDIDATE

Vote for Gage, he's the BEES KNIES.

Hope Marks ran against Gage Knies for the StuCo Presidency. After a heated rivalry, the pair joined forces as the 2013-2014 Student Council Co-Presidents.

After one of our student's favorite substitute teachers, Mr. Rohl, told everyone that his grandson had cancer, Student Council sponsored a spirit day to support Hunter Rohl. Most of the student body wore orange, Hunter's favorite color, and some paid \$1 to wear a hat.

Many teammates look up to Justin Kahle. Justin received 3rd place at Jasper Sectional in the 800. He also beat the NDHS school record in the 800 meter run with a time of 1:58.04.

Luke Kerstiens' goal this year was to "Lay on a couch." It's well deserved because he runs the 1600, 3200, and the 1600 relay all in the same meet, every meet.

Tommy Kelly absolutely "loved" his last annual track mud fight. He enjoyed throwing underclassmen into the giant puddle of mud.

Kobi Knies' favorite memory was "winning the conference meet because we won by so many points."

Bryce Schepers' favorite memory is starting off the season with a personal record in the 800 meter run.

Elizabeth got alternate for sectional this season. She says, "Bowling is in my blood, my whole family bowls."

Intramurals

Each member had a different purpose for playing Intramurals. Some played for extra practice, some for fun, and some to be around friends. Each person who played ultimately left with a greater love for the sport of basketball. Thank you to everyone who made it possible for these teams to play.

The Nacho Supreme Team

Amanda Seng (12) loved coaching her team. It was a great experience for her last year of high school to be able to coach with her best friends.

Clayton Kern's (12) teammates named him as MVP, because "he couldn't even make it up and down the court so he stood on the sidelines."

Zach Bleemel (10) was a part of the team Caucasian Invasion who was the smallest but the fiercest member of all the Intramural teams.

Mr. Collins was the one who made Intramurals possible this year and put a lot of time into organizing events.

Pre-Season Rituals and Traditions

Softball/Baseball

"We play the ball game at practices and before softball games." -Michelle Seitz. The baseball team also plays the ball game which is a game where the team stands in a circle and everyone has a ball. One person has two balls, that person starts the game by throwing one of their balls to another player. The other player has to catch the ball with their free hand and throw their ball with the other hand. Bill Schepers said that they have another name for the ball game but its not appropriate for the year book.

Cross Country/Track

"For cross country we have a camp-out each season. At the camp-out we have our freshman initiation. My freshman year we had to do an embarrassing scavenger hunt where we were saran-wrapped to our partner. we had to ask other people at the campsite for tampons among other things. We then had to stand in a line and had raw eggs, vinegar and cold water dumped on us."

-Lauren Betz

"We have an annual mud fight for track, and its always a lot of fun." -Sara Mehninger

Prayer

"During basketball we pray and the coach leads it during our huddle, and at baseball a player leads the prayer for the team." - Bill Schepers

"We pray before track meets." -Alicia Betz

"The whole team holds hands and swings their arms while saying a prayer before each tennis match." -Andrea Smock

UNDER THE SEA prom 2014

These girls had an accidental run in at prom. Kateland Bailey (12) was having a great time dancing until Hope Marks (11) ran into her. Then the stare-down began.

Freshmen Megan Lueken "got all dolled up" and attended her first prom with Nolan Rasche (11).

Junior Evan Bauer's favorite part of prom was obviously the chocolate fountain.

Willie Canary's (12) favorite part of the night was "the little jelly balls that everyone threw at each other...and the dead goldfish floating in the bowls."

"Brady and I refused to be one of those couples that wouldn't look at each other while we were dancing. Those people just look awkward."
-Abby Merkley (12)

Jace Kahle (11) promised Alex Neukam (12) the first slow dance of the night.

-Cheyenne Rampersad (12)

"Sisters make the best prom dates! <3"

-Lyndsey Correll (12)

Prom

When asked about the photos above, Josh said this, "Here I am swinging my 'date,' she was surprised when I picked her up on my shoulders."

The Treasure Hunt at Post Prom

Zachary Shimer made a bet, that if he won a game of "Rock, Paper, Scissors" that he would win a dollar. If he would lose though, he would have to drink water out of a jar of sand.

"Post Prom's pretty awesome, especially the obstacle course (but don't expect to get out without a few injuries) and the group games... plus, it's the easiest money you'll ever make, e!"

McKayla Lannan and Shivan Seng climbing over the wall in the obstacle course. McKayla said "We get in the bouncy starting area and Shv's all like, 'Oh we aren't gonna race! Guess what?' It turned into a race."

When the night was coming to an end, they called everyone who was still in attendance to sit down in the middle of the gym. They pulled names in random order to come up and grab a prize.

Students could play coin hole the whole night of post prom. The winning team would receive one or two dollars depending on who was handing out cash.

Caleb made a lot of cash at Post Prom like most other students. He stole a dollar from Jace Kahle and then made a bet with that dollar and made two more dollars off of him.

This is a game of "KerPlink" on a larger scale. You pull sticks of wood out of the holes and hope the balls do not fall down.

A very intense game of poker with David Park fully intending to destroy the competition.

The Blind Race

This was a race where your teammates would tie a blindfold around your head and you would have to walk across the volleyball court. Logan said the key to victory is to take it one foot in front of the other.

Luck of the Dice

Players would place a hand on a number and the roller would toss the dice. The sum of the two dice would be figured and whoever had their hand on that number would get a dollar. As the night went on, they made the game more difficult. The roller would call out even or odd, then toss the dice. If she called even, and it landed on an odd number, no one won a dollar.

Walking the Plank

This was the easiest way to make a buck at Post Prom. They tied a long board to two boxes, and you had to walk across the board and back again without falling off or touching the boxes. Sydnee only played once, because she couldn't keep her balance.

Willie's Huge Climb

Willie had this to say about the obstacle course: "I kicked Niki's butt twice on the obstacle course but got it taken to me against Ty." He would also like to say he got the mother loving record on the "pennies in shot glasses" game.

The Heart Whisperer

Amongst all the flowers born in the hospital that day,
One came to us in a very special way.
She came unannounced, no hoopla of sorts.
She was born with a handicap, which some thought remorse.
As the doctors shared her verdict, I was completely wowed.
I looked up to Heaven and said "God, what are you up to now?"
We saw the jewel he gave to us, with joy and anticipation.
What did she have to give, this beautiful creation?
Well, she has whispered into the hearts of many,
with words she can't pronounce,
and has changed the World forever,
and we love her, every ounce!

The only way to travel is forward,
but every now and then,
you are permitted to look back,
remember,
and laugh.

You are allowed to **echo back**.

Be sure to limit the time you spend reminiscing.

Start moving forward again.

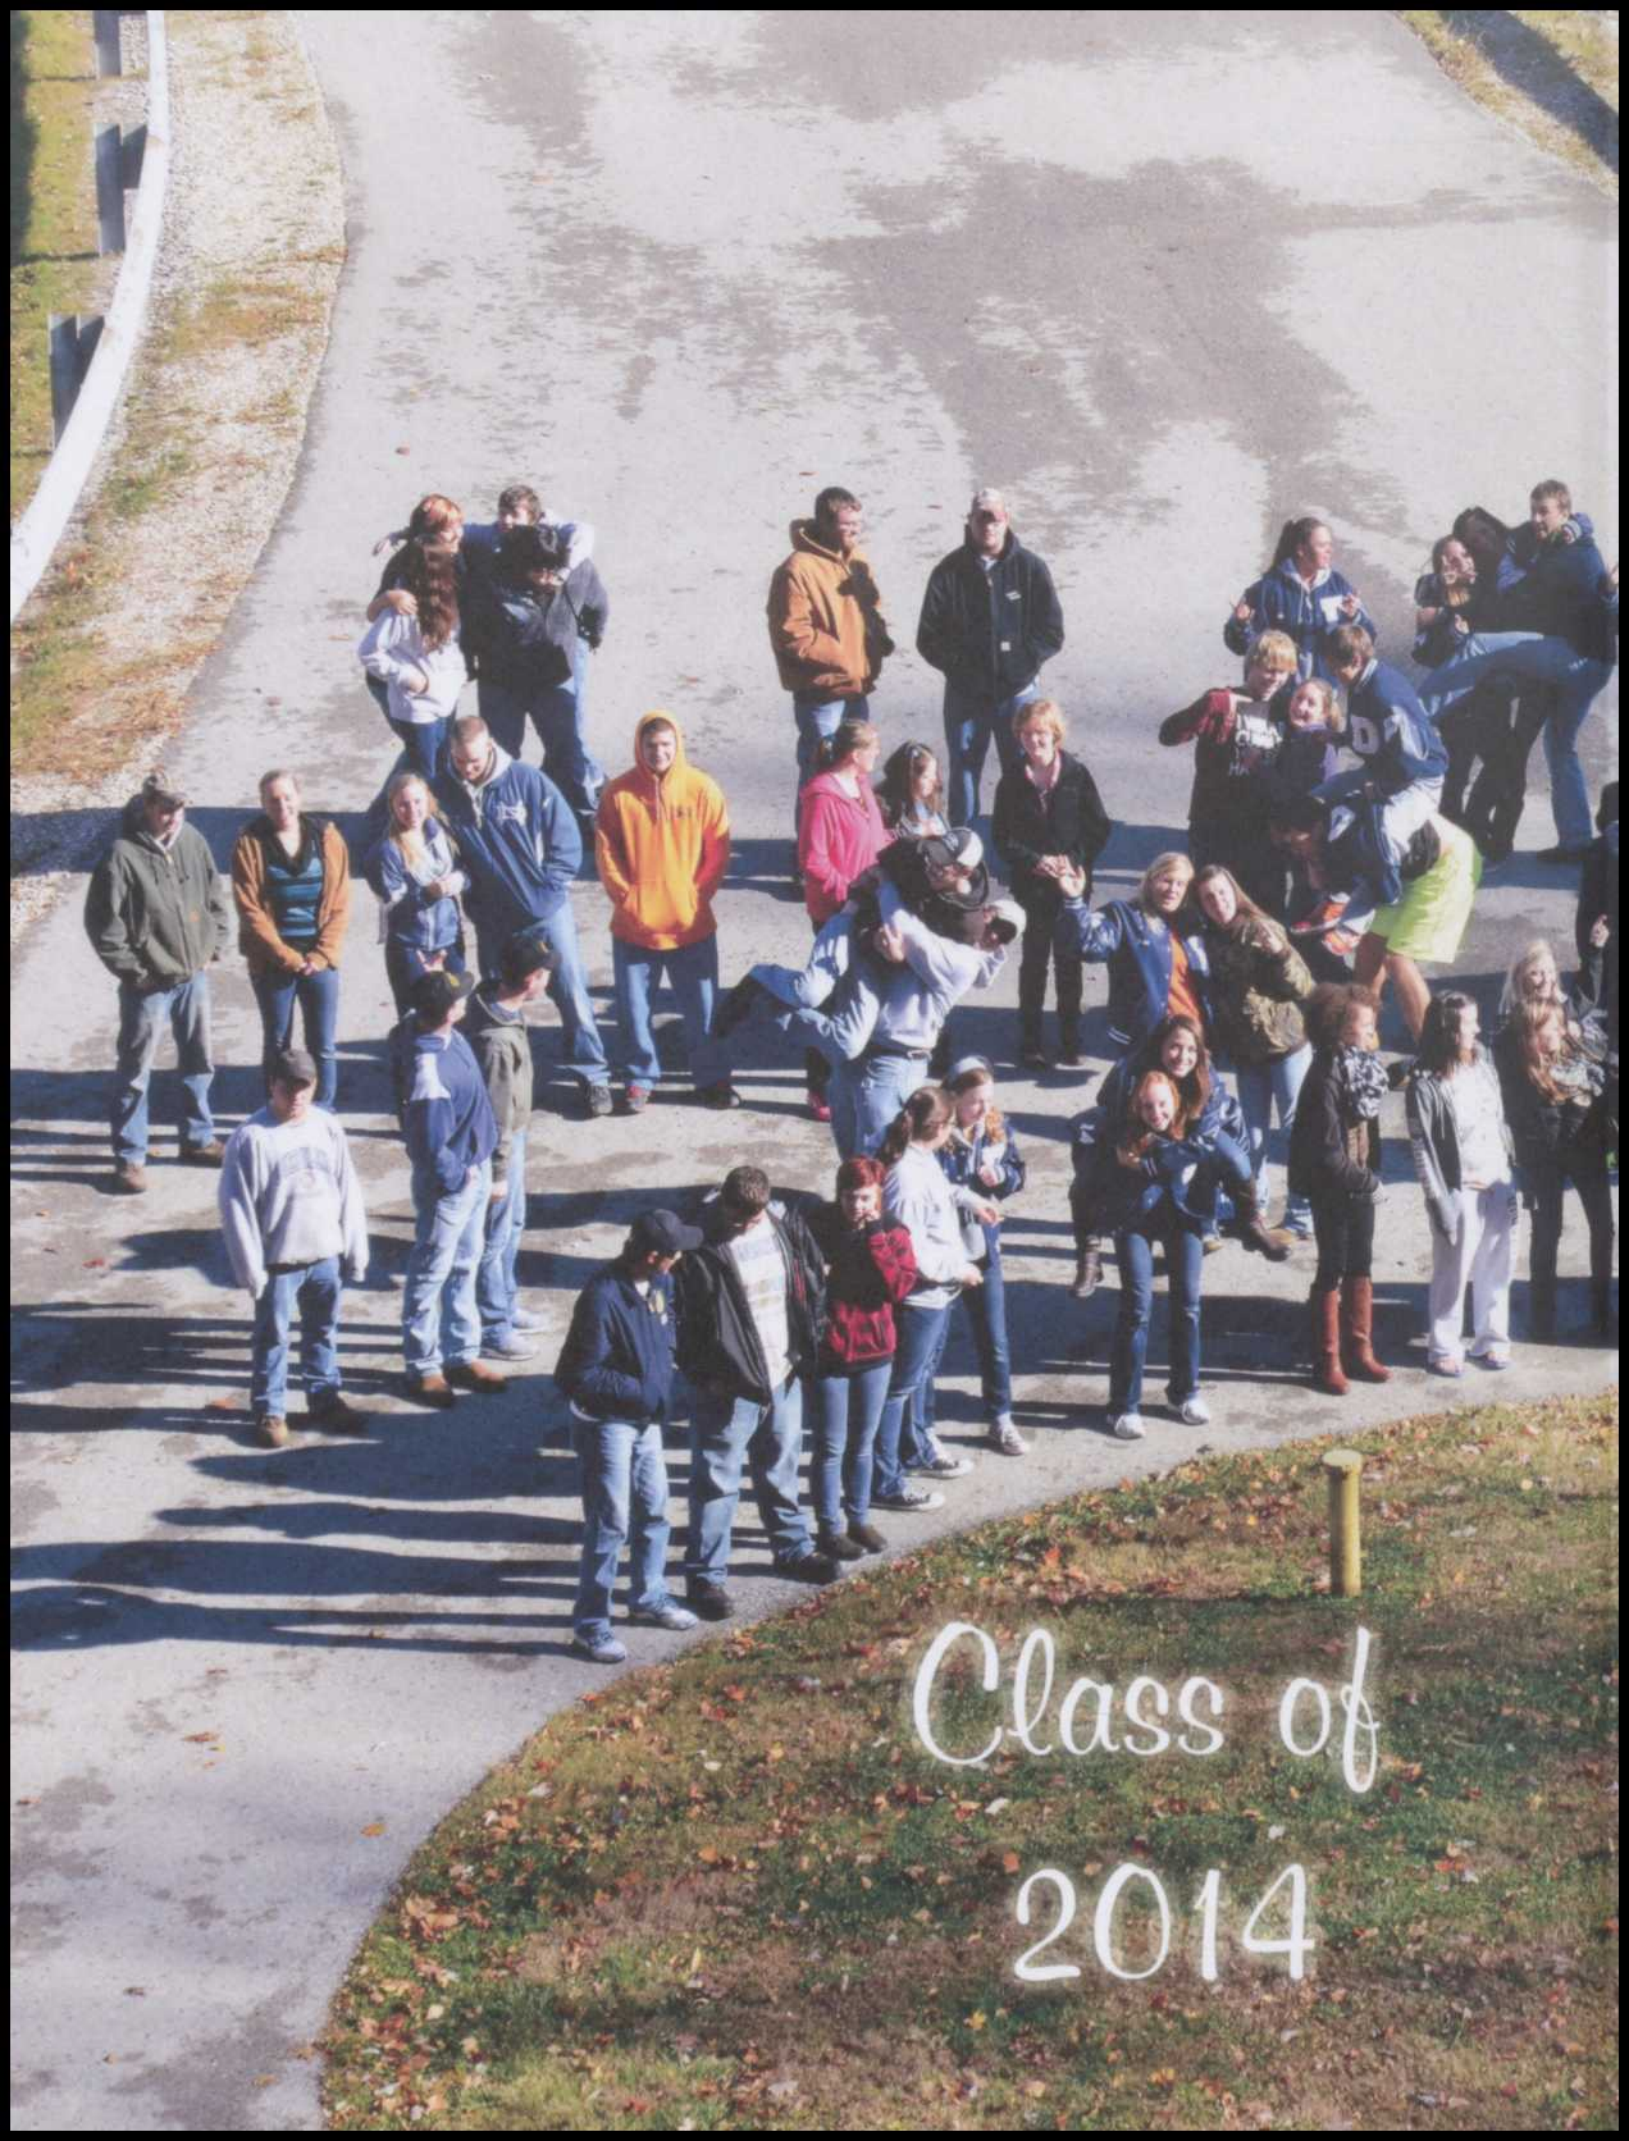

It's the only way to continue the adventure.

You'll never get anywhere you're meant to be
by traveling yesterday's road.

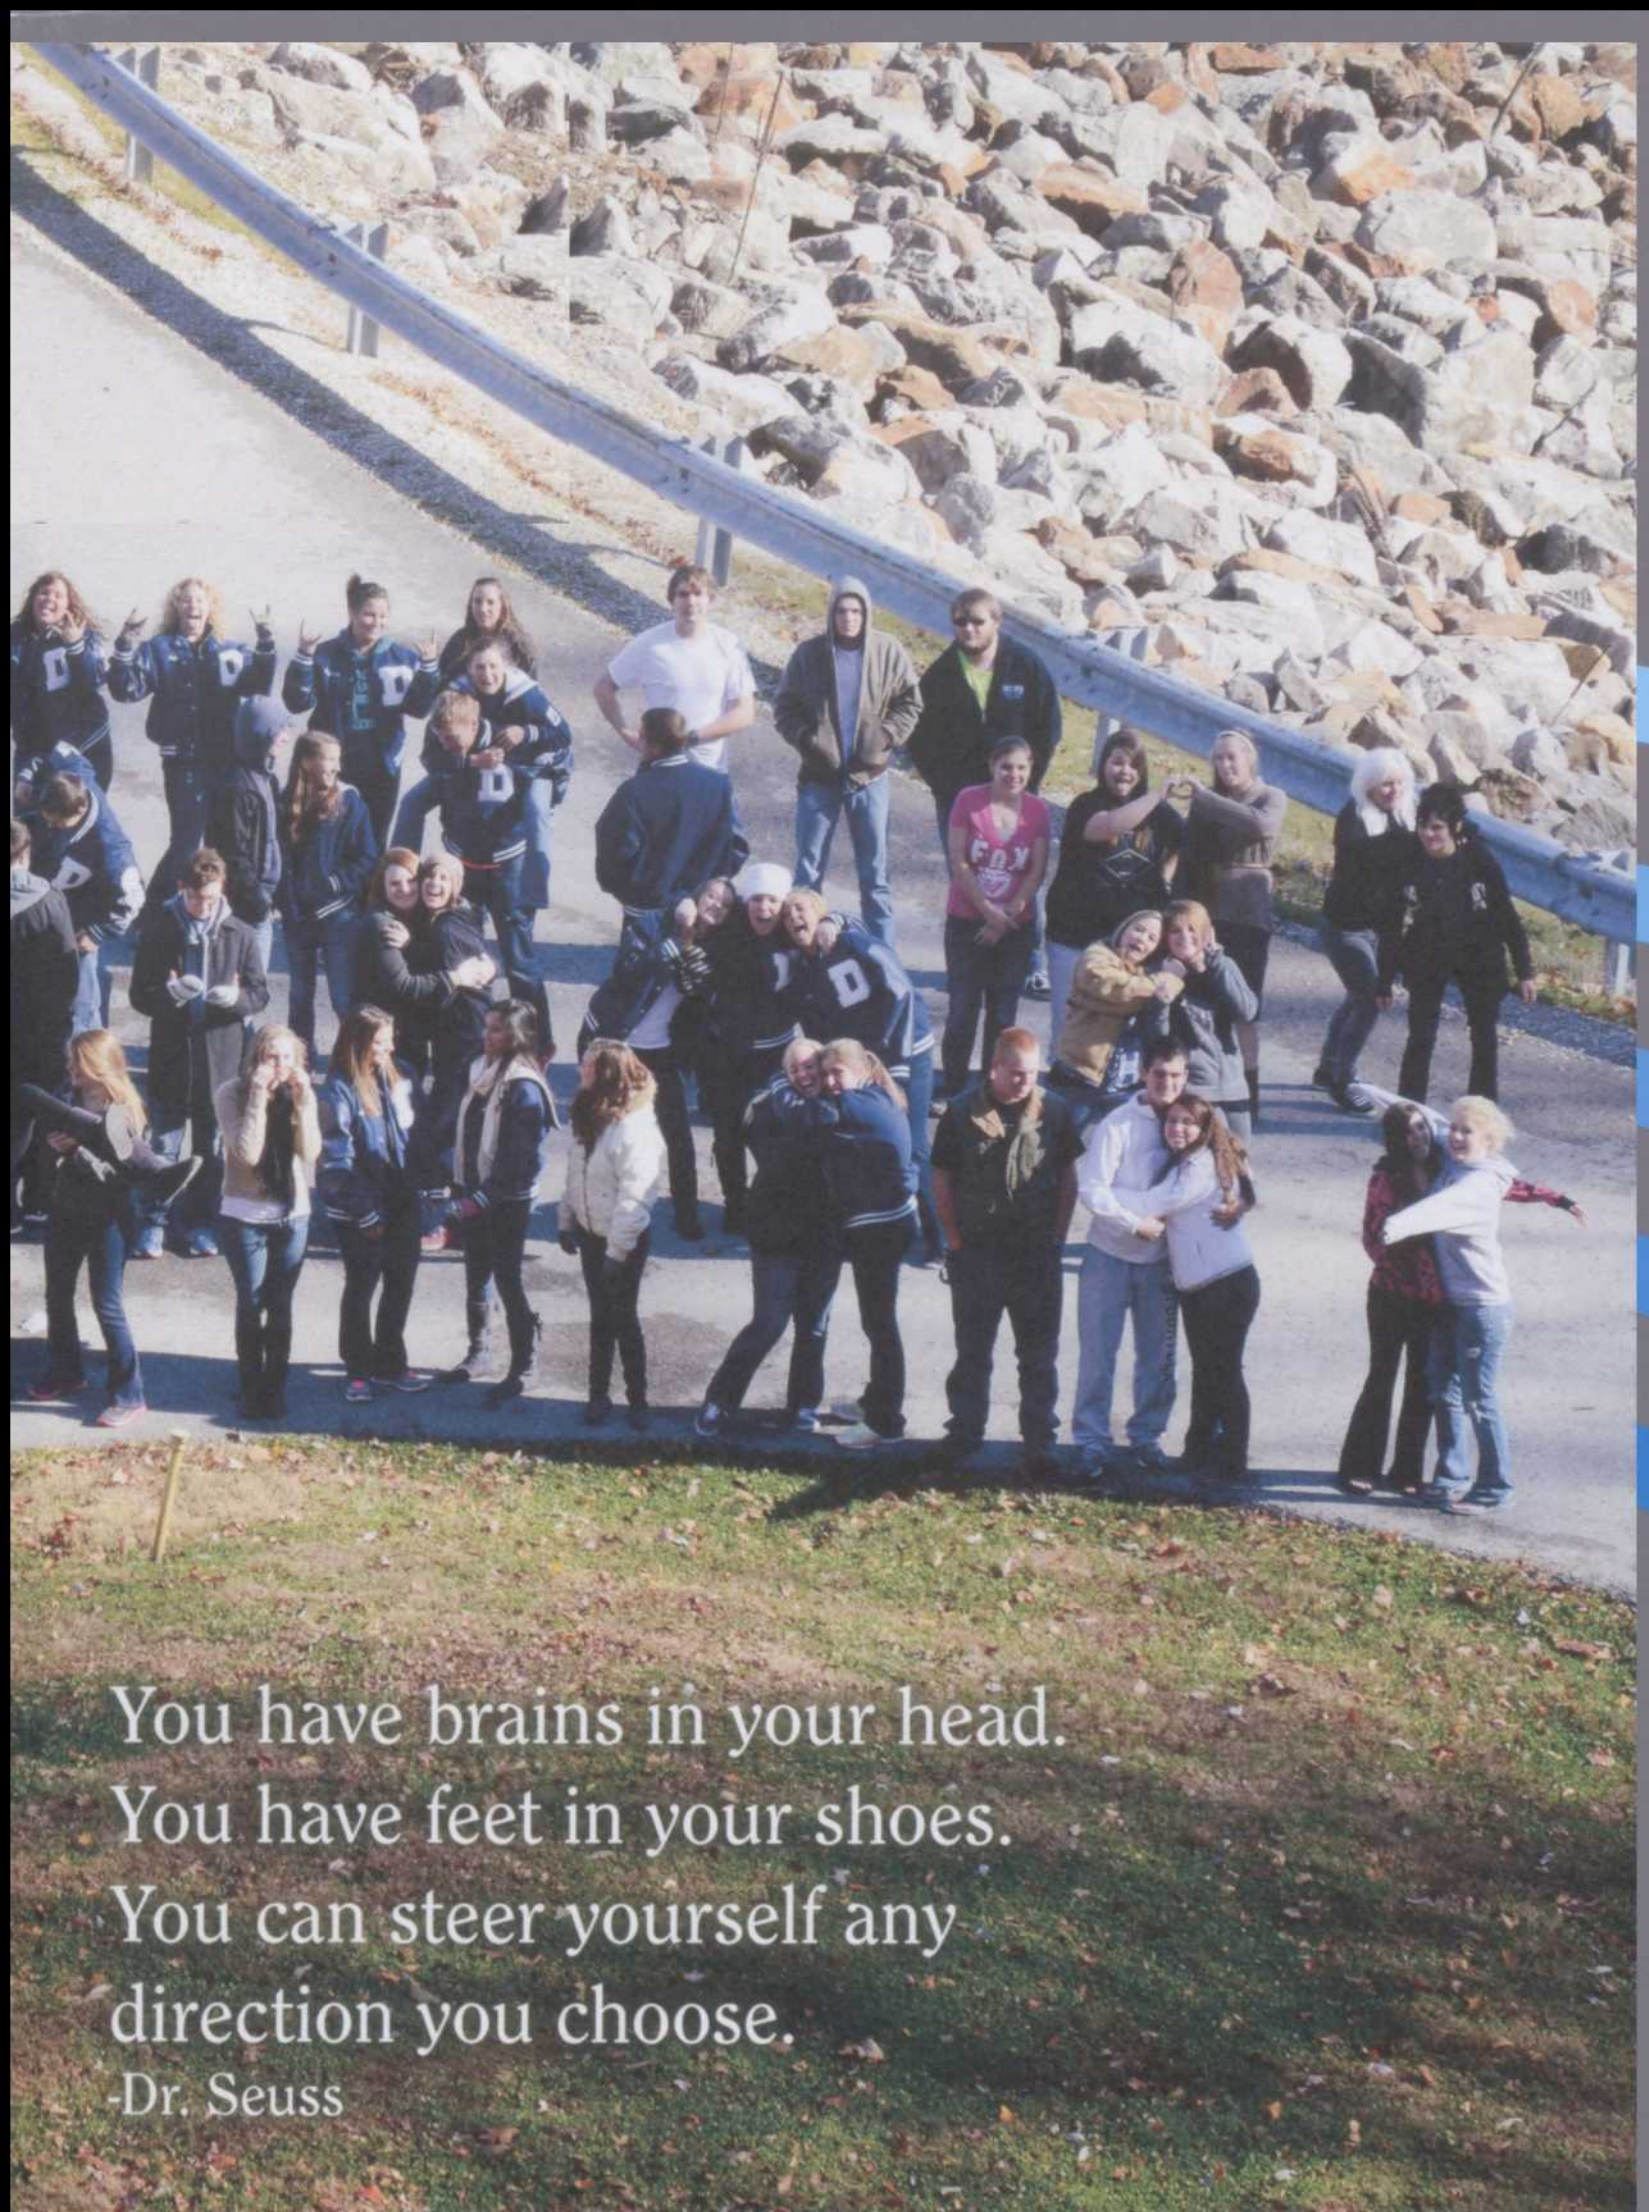

It's a new day.
Find a new way.
