# Seniors remember special times

As we look back on the last four years, we remember the good times as well as the bad. We have shared much laughter and even a few tears as we have molded ourselves from individuals into one united class.

We have reached an exciting milestone in our lives and now it is time to direct our energy towards the future. Each of us has something to offer to the world. We are on the way to making our dreams come true.

As we leave Forest Park and its hallowed halls, let us wish good luck to the classes who will follow our footsteps. Let us not forget our accomplishments over the past four years.

We wish to say thanks to the faculty who have helped us to achieve, but, most of all, let us not forget each other.

# Sophomores gain knowledge

We, the class of '90, have finally completed half of our high school years. We feel that we have accomplished a great deal in our first two years at Forest Park and we are looking forward to the next two.

We have come to realize the importance of friendship with our fellow classmates. We hope that our friendship will grow even stronger in the future. We have been through many challenges together and feel we are ready to accept the challenges in the years to come.

# Freshmen have a memorable year

We, the class of '91, have completed our first year as students of Forest Park High School.

As freshmen, we finally got used to FP and the fast pace of high school. We also made many new friends that we will have for many years to come. We also got acquainted with our new teachers. The teachers were very helpful to us in getting used to our classes and trying to get into the swing of the high school life. With help from the teachers and fellow students we didn't feel like "Greenies" anymore.

Our first year of high school has proven to be a very memorable one, and we hope that the next three years will be just as memorable.

When the school year began we thought that it would never end...that we'd never get the yearbook pulled together. But, now it's May and we have reached the last page of what we hope is a book of memories for the seniors, the underclassmen and the faculty.

There were a lot of hours of work put into this yearbook, a lot of decision making and changes. We hope that we captured every memorable moment of the 1987-88 school year. We would never have made it without the help of our adviser, Mr. Ed Walston. He was always there when we had questions. He helped us a great deal, and we are very appreciative.

We would also like to give a special thanks to Mr. Robert McCarty, our yearbook photographer, and Mr. Steve Pumphrey, our representative of Herf-Jones. We would also like to thank **The Herald** and **The Ferdinand News** for the use of some pictures.

The senior class of '88 could not wait for our senior year of school. Now it is here and gone and all we have left are the memories.
